

Swilken

The inspiration for the form came from the Swilken Bridge off the 18th Green at St. Andrews golf course in Scotland, where this small bridge is the embodiment of simplicity and structure. This bench follows those principals and uses the simplicity of form to showcase the beauty of the wood. Indoor/outdoor bench with ReClamed or ReCovered hardwood top and concrete or polished aluminum base.

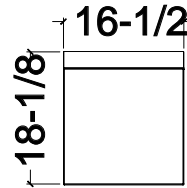

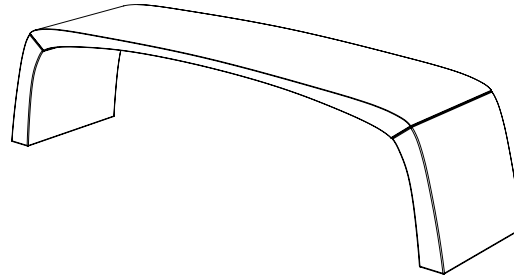

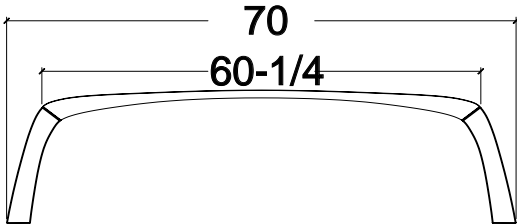

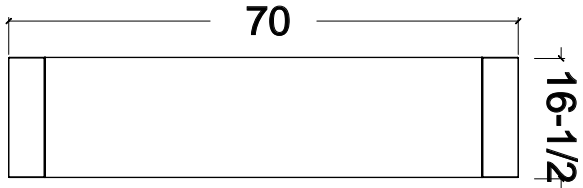

Swilken Bench SW-B-W1-70 \$3500

Swilken w/ Alum SW-B-W1A-70 \$4000
